Moroz Vasyl Maksimovich

Rector of the Vinnytsia National
Medical University

Moroz Vasyl Maksimovich, MD, Professor, member of the National Academy of Medical Sciences of Ukraine, head of the Association of Rectors of Medical universities of Ukraine, hero of Ukraine. Honored worker of science and Technology of Ukraine. Laureate of State Prize of Ukraine in the field of science and technology.

“Dear students and future colleagues!”

For the past 90 years, **Vinnytsia National Medical University** has trained over 44 thousand doctors and specialists who have gone on to meet the health care needs of the citizens of Ukraine, as well as over 6500 doctors who are working in 106 countries of Asia, Africa, Middle East, Latin America and Europe. Our graduates provide medical care, render medical aid to the population of their countries and abroad, work in institutions of higher education, and head many state and private medical establishments.

Pirogov University in Vinnytsia is a multi-profile center that emphasizes training, specialization, improvement of its medical, scientific and pedagogical staff and conduct significant scientific, methodical and experimental work, representing all branches of medicine.

Memorial Medical University continues to build new facilities, expand its faculties and modernize its education program.

Vinnytsia National University is known both nationally and internationally for its high quality of specialist training, and it was rated by the International Personnel Academy ranking of schools of higher education as one of the best institutions in Ukraine in 1995, 1997, and 2000. For 1997 and 2000, **Vinnytsia Medical University** was determined to be among the best educational medical establishments and was awarded with a special Diploma.

These efforts were recognized by the President of Ukraine, Supreme Council of Ukraine, the Minister of Education and Science, Public Health, the President of National Academy of Medical Sciences of Ukraine, deputies of Vinnytsya region, the head of Vinnytsya Regional State Administration, Vinnytsya city mayors, representatives of many educational institutions of Ukraine and foreign countries.

Welcome to National Pirogov Memorial Medical University in Vinnytsya!

About the university

Vinnytsia National Pirogov Memorial Medical University is an educational institution which was founded in 1921. In 1984 it was awarded with the order "Badge of Honor". Since 1994 Vinnytsia Medical Institute was attested and accredited for IV level of accreditation, the same year it was given the status of a university. The national status of the university came in 2002, in the same year it was awarded with diplomas of the Cabinet of Ministers of Ukraine and the Parliament of Ukraine.

Vinnytsia National Medical University has a high level of accreditation, which is demonstrated by teachers who have defended many theses and were given scientific degrees. Each sixth teacher of the University holds the status of the Doctor of Sciences or Professor. Pirogov Memorial Medical University's students are taught by 126 doctors of Sciences and 677 candidates of sciences, 25 honored workers of Science and Technology of Ukraine, honored workers of Higher School and Education of Ukraine, 3 academicians of the High School of Ukraine, 12 honored Doctors of Ukraine, 5 laureates of the State Prize of Ukraine.

Computer technologies are widely implemented in the educational process and management of the university. There are 26 computer classes backed by 4 network channels, so teachers, undergraduate and postgraduate students are free to access them.

“

Vinnytsia National Medical University houses 12 scientific schools and relations and closely cooperates with Medical Faculties of 19 foreign countries (including the USA, Germany, France, England, Russia and others), as well as with branches of 28 foreign pharmaceutical companies. Not to mention, the University's professors are involved in the implementation of 62 international projects.

”

UNIVERSITY FACULTIES

FACULTIES

 GENERAL MEDICINE	 PHARMACY
 PEDIATRICS	 INDUSTRIAL PHARMACY
 MEDICAL PSYCHOLOGY	 GENERAL MEDICINE
 DENTISTRY	

“ Among the following faculties the **most popular** for international students are Medical, **Dental** and **Pharmaceutical** faculties. „

FACULTY OF DENTISTRY

During the first four years of the founding of the dental faculty of National Pirogov Memorial Medical University, four profiling departments have been established (Dentistry, Pediatric Dentistry, Dental Surgery, Prosthodontics). At the University there are hired teachers from departments of dental faculties of Lviv, Crimea, Ivano-Frankivsk, Odessa and Poltava. Many organizational efforts invested heavily in equipment specialized university faculty with the most modern equipment of leading domestic and foreign companies. Mastery of the latest technologies in dentistry is the principle followed in the preparation of doctors during the educational process.

Nowadays the Faculty has about 750 foreign students from Russia, Asia, Africa, the Middle East, Europe and Latin America.

Medical classrooms of the Faculty were constructed following necessary hygiene requirements of the Ministry of Health of Ukraine. The Dental Faculty took its rightful place as students of study or undergo practical training in all departments of VNMU.

FACULTY OF DENTISTRY

The Pharmaceutical Faculty prepares specialists in programs “Pharmacy” and “Clinical Pharmacy”. Nowadays 1600 local and foreign students study at the Faculty. Foreign students have an option to study in Russian and English. After completing five years of training, graduates receive qualifications of pharmacists or clinical pharmacists, followed by postgraduate training in the form of a one-year internship.

The staff of more than 100 teachers have recommended themselves as highly qualified specialists. Educational, scientific and educational work is focused on three core departments:

- Pharmacy
- Clinical Pharmacy
- Pharmaceutical Chemistry

The organization of the educational process and material base of the faculty meet international standards, classrooms have all necessary equipment, as well as laboratories for practical classes, computer classes and lecture halls.

The Faculty of Pharmacy created the conditions for scientific research, student scientific groups, participation in scientific conferences, student competitions that take place in our university and other universities of Ukraine. Entertaining and engaging student life activities are provided by a number of art groups and sports clubs.

MEDICAL FACULTY

Departments of the Medical Faculty are headed by doctors, and each teacher has a degree.

Faculty staff is involved in the implementation of five public health programs:

- National Program on HIV Prevention
- Care and Treatment of HIV-infected and AIDS patients
- Program «Oncology»
- Program «Prevention and treatment of hypertension»
- Comprehensive program «Diabetes»
- A national program aimed to treat tuberculosis.

Medicine program is available for 2712 current students (including those studying for state funds), reached. The Faculty provides modern equipment in specialized centers. Hospital Outpatient Department, on the basis of which students study, amounts to 3460 visits per day.

Teachers of clinical departments carry out medical and advisory work in key departments of hospitals adopting the practice of medical institutions, new methods and technologies of treatment and diagnosis, as well as perform the most complex operations.

Dormitory rooms at Vinnitsia National Medical University hostel can house 2 to 3 students in one room.

ABOUT THE VINNYTSIA CITY

Vinnitsa is a spectacular little city, and the main charm of Vinnitsia lies in its architecture. The best way to admire its elegant cathedrals and houses is to take a leisurely walk around the city center and appreciate the city's coziness.

Sobornaya is the main street, where the majority of architectural monuments of Vinnitsia are located. The Light and Music fountain is one of the most famous city attractions, and it is also the biggest one in Europe.

Every evening locals and guests have a chance to watch a wonderful show of water and light.

The riches and beauty of Vinnitsia are countless. However, the most distinct feature of this wonderful city is its special cordiality and unique aura which surrounds each person who visits Vinnitsia.

CLIMATE

In Vinnitsia there are long-lasting warm summers with a sufficient quantity of moisture, and winters are comparatively short. An average temperature is -5.8°C (22°F) in January and 18.3°C (64.9°F) in July. An average annual precipitation is 638 mm (25 in).
